SITUATION CRITICAL IN POLAND RUSSIA

Women and Children Victims Soldiers Weapons.

COMPEL WORKMEN TO STRIKE

Congregation of a Church Was Attacked in the Holy Place for Singing Patriotic Songs by the Troops. 75,000 Strikers at Lodz.

Warsaw, Russian Poland, May 2.—Noon.—The city is apparently outwardly quiet this morning, but the situation is none the less grave. Workmen are going from factory to factory compelling their comrades to strike and the probability of further conflicts arouses the keenest apprehension. The bodies of the thirty-odd persons killed by the troops on Zelasena street yesterday are still lying in the morgues awaiting identification. The ten wounded who were taken to hospitals died of their wounds.

During the encounter on Jerusalem street the troops not only fired a volley but used the butts of their rifles and their bayonets and swords.

Many women and children had their heads and limbs broken. Some of the injuries were of a terrible nature and there were cases where the soldiers entered the court yards of houses and attacked those hiding there.

When the troops fired after the bomb was thrown near the Vienna railroad station four persons were killed and seven were wounded. All the windows in the neighborhood were shattered. Today the scene of last night's bomb explosion is attracting immense crowds.

At Kalisz, during a service in a church yesterday the congregation began singing patriotic songs whereupon soldiers and police entered the building and attacked the people, wounding many of them. A free fight ensued during which weapons were wrested from the police, shots were exchanged and stones were hurled. A dragoon, a woman and a man were killed inside the church. A squadron of cavalry was summoned and dispersed the crowds. The church was closed for reconstruction.

The strikers at Lodz now number 75,000.

General Strike Ordered.

Warsaw, May 2.—4:50 p .m.—The committee of the Social-Democratic party of Poland and Lithunia has issued a manifesto proclaiming a general strike and calling out all the workmen immediately in consequence of yesterday's bloodshed.

St. Petersburg, May 3.—The official account of the bomb explosion here at 6 o'clock yesterday morning drolly attributes it to experiments in chemistry, but it is undoubtedly was one of those accidents now of such frequent occurrence, caused by terrorists loading bombs.

Bomb Explosion at St. Petersburg.

To Bridge Matanzas River.

St. Augustine, Fla., May 3.—Surveyors are at work surveying for the crossing of another bridge on the Matanzas river which will connect this city with Anasttasia island. Albert Lewis, the well known millionaire, who is interested in the development of this city, will build this bridge, which will have a steel draw. Gould T. Butler is the engineer in charge, and the work will be pushed with all possible haste. This bridge will be the second spanning the river mentioned and will, when completed, allo wa circuit for travel to and from the island and Moultrie Point, a distance of nearly 15 miles.

Remains Lie In State.

Richmond, Va., May 3.—It has been decided that General Fitzhugh Lee's funeral shall take place at 1 p. m., Thursday, from St. Paul's Episcopal church. Bishop A. M. Randolph will conduct the services. Lieutenant Geo. Mason Lee will arrive here from San Francisco tomorrow night. An immense crowd visited the city hall, where the remains lie in state.

DOINGS OF RUSSIAN ARMY.

General Linevitch Continues to Reorganize His Forces.

Gunshu Pass., Manchuria, May 3.—A touching incident occurred during the Easter celebration here. After the morning service all the troops in the region around headquarters were drawn up in line before General Linevitch's tent and the commander-in-chief came out, greeted the troops and and passed down the line saluting each and every soldier with a kiss. All the men were much moved and many of the old, gray leader.

General Linevitch continues energetically the reorganization of the various departments of the armies.

Staff Captain Shubersky who was returned here after making a reconnaissance on the Mongolian frontier reports that thousands of Chinese bandits under Japanese leaders are moving beyond the border.

Japs Bonds Sell at a Premium.

Tokio, May 3.—The tabulations of the subscriptions to the fifth loan of $50,000,000 have not yet been completed, but there are indications that the entire list has been placed at a premium. It is evident that some of the subscriptions were temporary withholding their offers in order to obtain part of the loan at the best possible rate. The fifty million dollars subscribed yesterday was largely at a premium and the majority of the subscribers were from the smaller investors and capitalists.

MORMONS DOMINATE POLITICS.

Says Former United States Senator Cannon, of Utah.

New York, May 3.—Former United States Senator Frank J. Cannon, of Utah, has addressed a meeting here under the auspices of the inter-denominational council of women. He repeated his recent declarations to the effect that the Mormons seek to dominate politics in Utah, Idaho and Wyoming and that they have also great power in Colorado. Theo. F. Shrader, of Utah, spoke along similar lines.

Resolutions were adopted which provide:

"That a committee of citizens of New York city and neighboring cities be appointed to correspond and co-operate with the loyal Americans of Utah and that it is to the unanimous sense of this meeting that in view of the evidence brought out before the senate committee, Senator Reed Smoot shall be expelled from the senate of the United States."

CANADIAN BOUNDARY SURVEY.

Surveyors Will Start This Important Work in a Few Days.

Victoria, B. C., May 3.—The Canadian boundary survey party which is to delineate the boundary as stated in the Alaskan boundary award will leave for the north on Thursday, landing at the head of navigation on Portland canal and working thence northeast and north, following the line.

The surveyors will use triangulation and astronomy to demark the line and will cut a wide trail. A series of monuments will be built. On mountain peaks monuments thirty inches high will be built of aluminum bronze drilled into the solid rock. At river crossings and in valleys large monuments will be built, set in cement foundations. Mr. Sordon and Assistant Hair, of the American survey party, will accompany the Canadian party. Similar parties will begin work in the Chilkat district.

Sponsor For Alabama Veterans.

Montgomery, Ala., May 3.—Commander Thomas M. Owen, of the Alabama division, Sons of Confederate Veterans, has appointed Miss Catherine Jelks, daughter of the governor, sponsor, and Misses Annie Maude Dawson, of Montgomery, and Irene Maud Cleere, of Ensley, niece of Lieutenant Governor Cunningham, maids of honor.

Storm Raged at Camp Roosevelt.

Glenwood Sprigs, Colo., May 3.—A storm raged all night at Camp Roosevelt and the weather today was threatening The muddy roads made a hubl impossible and delayed the moving of the camp back to the east divide creek as well as Secretary Loeb's departure for this city.

CRISIS OF STRIKE EAGERLY AWAITED

Ultimatum Is Delivered To The Teaming Companies.

COAL SUPPLY IS RUNNING LOW

Unless Something Is Done at Once Big Department Stores Will Be Without Fuel—Strike Breakers Arriving from Other Places by Train Loads.

Chicago, May 3.—The outcome of a move to bring the teamsters' connict to a crisis was eagerly awaited today by the employers and unionists.

The Employers' association had delivered an ultimatum to five leading team owners that they make deliveries to the department stores as they had been doing in the past. The answer of the teaming contractors who prepared today to meet and take up the matter, was anxiously looked forward to. The team owners quit making deliveries to stores when the teamsters entered upon the strike.

The team owners were informed that they must deliver freight to the boycotted stores or lose the business permanently. To deliver goods as demanded would cause a spread of the strike to 5,000 more drivers.

The five teaming companies are: Arthur Dixon Transfer company, Joseph Stockton company, W. P Bend Transportation company, Christopher M. Lynch and Stephen Clark.

The employers seemed determined to force the fight and an employer said:

"The unions have extended the strike and we will simply go one better and extend it ourselves, if necessary.

"There is no use drifting along on the defensive. Among the many detachments of incoming strike breakers who arrived in Chicago today the largest single body perhaps came on a Michigan Central train from Detroit, Mich. They numbered 75 and were escorted by heavy guards of police throught the streets."

The need for coal rapidly is developing into one of the most important factors of the teamsters' strike. With the exception of Marshall Field & Co. and one or two other big houses the supply of fuel on hand in State street averaged from two to four days. Marshall, Field & Co. have coal for two weeks or more.

It is admitted by the coal dealers, who are even more reticent than the department store managers that the crisis in the fuel situation will come today or tomorrow. The situation was emphasized by John C. Fetzer, receiver for the Union Traction campany, who said:

"In several of our stations, unless we get coal in 24 hours we will have to close down. Of course, we will try every possible scheme first."

Assistant Chief Suettler reported today that he had 1,150 men on strike duty. This force he claimed to be able to protect 150 wagons in caravans. Where single wagons are sent out a guard of six patrolmen is provided.

The attitude of the packers which has been involved in some doubt, is now declared to be opposed to the extension of the strike of their teamsters.

"Armour & Co. have made no agreement whatever that would imperil the delivery of meat supplies," said Manager Connors, of that company, today.

"Our company is not a party to any agreement concerning deliveries," said Edward Swift, of Swift & Co.

One of the liveliest disturbances of the day occurred within a block of the Auditorium hotel. Shooting was resorted to by negro nonunion men today at Harrison street and Wabash avenue. Three wagons formerly owned by the Edwin F. Daniels Coal company, were being driven south in Wabash avenue at Harrison street, a large crowd gathered about the drivers and guards. Sticks, tiling, broken bottles and other missiles were thrown, many of the missiles striking the negroes. One of the negro guards named Carter whipped out a revolver and shot at Henry Schultz, who, it is alleged, was approaching Carter.

The bullet struck Schultz in the left side. He ran south in Wabash avenue before he fell. The crowd, thoroughly enraged at the action of the negro men quickly closed in upon the nonunionists and beat them thoroughly. A police call was sent in, and 70 policemen under Inspector Patrick J Lavin, hurried to the scene and dispersed the crowd with vigor.

Schultz was taken to a hospital. Carter was arrested.

The bullet struck one of Schultz's ribs. He will recover.

The shooting caused much excitement at the Auditorium. The women became hysterical and rushed back into the hotel.

For a time all traffic on Wabash avenue cable and the Indiana avenue electric lines was at a standstill.

COLLEGE OF BISHOPS MEET.

Bishops of Methodist Episcopal Church South in Session.

Nashville, Tenn., May 3.—The college of Bishops of the Methodist Episcopal church, South, is in annual session in this city, with the following bishops present:

Rev. A. W. Wilson, of Baltimore, chairman; Rev. W. W. Duncan, of Spartanburg, S. C.; Rev. C. B. Galloway, of Jackson, Miss.; Rev. E. R. Hendricks, of Kansas City; Rev. J. S. Krick, of Sherman, Tex.; Rev. W. A. Candler, of Atlanta, secretary of the college; Rev. H. C. Morrison, of New Orleans, and Rev. E. E. Hoss, of Dallas, Tex. Bishop Coke Smith, of Norfolk, Va., is in the city but is sick at the home of Dr. W. F. Tillett, of Vanderbilt university.

The meeting is devoted to a review of the work done during the past year, reports being made showing that the work of the church had been successfully carrier on during the twelve months past.

HEARING IN CHADWICK CASE.

The Court Has Named Bond But She Has Not Made It.

Cincinnati, May 3.—The motion of District Attorney Sullivan, of Cleveland, asking that the United States circuit court of appeals advance the hearing of the case of Mrs. Cassie L. Chadwick was set for hearing before the court today. In his motion Mr Sullivan argued that unless the case is heard before the fall term of court justice will suffer. Through her counsel, Judge Wing, Mrs. Chadwick some time ago obtained from the United States court of appeals a delay of sentence as a result of which will not be considered as having commenced to serve her term of ten years in the Ohio penitentiary until after the error decision shall have been handed down. The court gives permission for her to give bail, but she has not yet taken advantage of that permission.

YACHT MAYFLOWER MISSING.

No Word from Pleasure Party Which Left Port Few Weeks Ago.

New York, May 3.—With eight or ten persons aboard, the yacht Mayflower is said to be missing. It is said the yacht is that which once successfully defended the America's cup in 1886, and recently had been fitted with an auxiliary engine.

Mrs. E. M. Barker, who purchased the Mayflower only a few weeks ago, invited a party of three to accompany her Sunday to try the boat. There were four men in the crew. What course was taken by the excursionists is not known, but no word has been received from them nor has the boat put in any nearby anchorage so far as can be learned. No provisions were carried for the voyage, and it was intended, according to relations of those on board, to take only a short sail about the harbor.

Gas Gushers in Alabama.

Huntsville, Ala., May 3.—Five gas gushers and drilling for the sixth well, near Hazel Green, Ala., by the New York-Alabama Oil company, is setting the business world afire with enthusiasm. Hon. R. E. Pettus and other prominent business leaders and organizers say that the gas fields of Madison county will soon make Huntsville one of the largest southern cities. Franchises have been secured to pipe the gas to Huntsville, where it will be used for steam, heating and lighting purposes. General S. L. Whitten is general manager of the company.

CLOSING ARGUMENTS IN PATTERSON CASE

Famous Trial Coming To An End In New York.

WOMEN REFUSED ADMITTANCE

Prosecutor Rand Makes the Concluding Speech for the State—For the Third Time Her Fate in the Balance.

New York, May 3.—Moved by the scene of yesterday when it became necessary for a court officer to request several women to leave the court room, Recorder Goff today directed that only those having a direct interest in the case be permitted to be present during the closing hours of the trial of Nan Patterson.

To carry out the recorder's order the force of officers on duty in the criminal court building was greatly increased. Prospective spectators began to gather around the building early in the day. Among them were many women some of them who had followed the trial from the time the first witness was put on the stand. Today, however, they were not permitted even to approach the outer court to the court room. Only those able to prove their right to enter or who had friends among the court officials or attorneys, entered the court room. Every seat was taken, however, when the proceedings began.

As soon as the prisoner had been brought in Recorder Goff ordered that the doors of the court room be locked and that no one be permitted to enter or leave before the recess for luncheon.

In beginning his closing argument for the state assistant District Attorney Rand said:

"This trial has been a hard experience for you, but I venture to say it is one that you will not look back to with regret. I would be ungrateful, too, if I had not also made my acknowledgment to the learned court, and it would be ungenerous of me roundly as I was abused yesterday to your faces if I took offense at what the counsel on the other side, in exigencies of a lost and rotten cause, was compelled to say. He accused me of every crime on the calendar and put me on trial at this bar for high crimes committed as a public officer. He told you that I thirsted for blood, and had hounded Mrs. Smith, you observed my examination of Mrs. Smith. Did I ask her an impolite question? Did I not treat here throughout as a lady? I would not make myself an issue here if I had not been injected as an issue in the case by the defendant's counsel. It is not an issue at all. I might be all that Levy said in the chagrin of a lost cause and it would not affect this question. I want and must have your confidence. If I could sway the judgment of men and paint the fair face of truth with a sweet cosmetic, you would not listen to a word from me. If I could do these things there would be but one place for me, and that would be at this woman's side, a fit object of contempt."

Continuing, Mr. Rand said:

"Since when has Levy the right to tell me to be a gentleman? He swore to me to bring the blush to Mrs. Young's face to answer his questions. Have I tried to drag this defendant through the mire and covering her with stench asked you to convict? Have I not treated her with the utmost consideration? But Levy well knows that he had to win but one juror to his side, while I must convince you all."

Bug Destroying Boll Weevil.

Waco, Tex., May 3.—Chief Howard of the entomologist bureau, department of agriculture, at Washington, has been notified of the discovery in Falls county, Texas, of a peculiar bug which is destroying the boll weevil. The insect was found on the plantation of J. T. Davis, of Waco. It is expected that Mr. Howard will send an expert here to classify the bug and arrange for its propagation if it is found as destructive to the weevil as reported.

THE LEGISLATURE HAS SHORT SESSION

Land Grant Cut Out of Key West Railway Bill.

IS AGAIN PASSED BY THE HOUSE

Jewell's Constitutional Amendment Bill Amended and Ordered Engrossed—Senator Crane's Amendment to Constitution Goes to Third Reading.

Tallahassee, May 3.—Yesterday morning's session of the Senate was a very short one, convening at 10 o'clock and adjourning at 10:30 to participate in the exercises in celebration of the return of the Confederate battle flags in the hall of the House of Representatives. Twenty-four senators answered to the roll call. Resolutions offered by Senator Jackson empowering the committee to visit the Florida Coast and Transportation Co. and to employ a stenographer was adopted. The only new bill introduced in the morning session was No. 192, by Senator Crill, relating to guardians and authorizing certain charitable and benevolent institutions to act in capacity of guardians, etc.

House concurrent resolution No. 29, by Mr. Gilchrist:

A concurrent resolution requesting the Congress of the United States to appropriate money for deepening the water at the head of Charlotte Harbor and in front of Punta Gorda, and for deepening the mouth of Charlotte Harbor at Boca Grande was unanimously adopted.

Senator Crill's pure food bill, which was on the calendar as the special order for today at 11:30, was deferred and made a special order subject to call.

Senator Zim's bill to amend law "disallowing fees in cases before committing magistrates where informations are not filed nor indictments found," was withdrawn.

House bill, by Mr. Jewell, to require proposed constitutional amendments to be displayed at voting precincts on election day, was read the second time. Senator McCreary offered amendment to the effect that Secretary of State should furnish to the counties the printed amendments, and that nothing in the law should preclude the printing of these amendments in one newspaper in each county. These amendments were adopted and the bill referred to engrossing committee.

Senator Crane's joint resolution proposing an amendment to Article V of the Constitution, relative to the judiciary departments was read second time and passed to its third reading. A number of bills were passed informally and others referred to engrossing committee or passed without reference to their third reading.

A message was received from the House of Representatives that that body awaited the pleasure of the Senate.

Senator Bailey gave notice that tomorrow he would move to reconsider the vote by which the Gilmer pension bill was indefinitely postponed. Under the rules this motion goes over until tomorrow.

Senate then adjourned until 10 a. m. tomorrow.

In the House.

Tallahassee, May 3.—In the House yesterday on motion of Mr. Canter of Polk, the vote by which the Key West extension bill was passed, was reconsidered by a unanimous vote.

Mr. Carter offered the following amendment: Add to section 6, "Provided that any corporation, firm, person or persons constructing any new line of railway as provided for in this act or any previous act, shall neither have nor claim from this State any land or grant of land for such extension, or for any part thereof from the main land to the island of Key West, except the 200 feet on each side of aforesaid railway, as provided in this act."

Amendment adopted.

Mr. Canter moved that the main question be now put.

During the roll call Mr. Wall of Putnam endeavored to explain his vote, but was called down and informed of a rule that had been adopted during his absence preventing an oral explanation of vote.

The order for the main question carried by a vote of 40 to 20.

The bill was again read, placed upon its passage as amended, and was passed by a vote of 48 to 11.

Yeas—Mr. Speaker, Messrs. Avery, Bryan, Buckman, Campbell, Canter, Carleton, Cobb, Cornwall, Dorman, DuPont, Duval, Dyal, Fillingim, Floyd, Girardeau, Hall, Harvell, Jewell, Johnston, Julian, Kilgore, King, Knight, Knowles, McCallum, Matthews, Melton, Oven, Paul, Peaden, Persons, Pirrong, Rawls, Roberts, Rosborough, Sistrunk, Sledge, Smith of Volusia, Sparkman, Taylor, Wartmann, Watson, Wells, Wilson of Hornando, Wilson of Lee.

Nays—Messrs. Baker, Blanton of Madison, Blanton of Taylor, Bradshaw, Brown, Crawford, Herndon, Kirkland, Leggett, Smith of Hamilton, and Stephens.

On a motion of Mr. Watson, the action of the House was ordered immediately certified to the Senate.

MELROSE NEWS.

Death of Mrs. P. H. Westgaard in the North—Local Happenings.

Melrose, May 2.—The good example set by Col. Tolles, who had the street fronting his property on Bellamy avenue laid with clay, has created a desire to continue the process, several of the citizens and outsiders promising to help if a united effort is made. A meeting will probably be held, or a subscription passed round to see what can be done in the matter.

MRS. TOWNSEND'S NARROW ESCAPE

Came Near Meeting Death by Burning at Her Rex Home.

HUSBAND EXTINGUISHED FIRE

And Was Severely Burned About the Hands—Daughter Also Assisted and Was Burned—Patient in Painful Condition, But Will Recover.

Mrs. Townsend of Rex is confined to her bed in a critical condition, the result of burns recently received.

On Friday of the past week Mr. and Mrs. Townsend were engaged in cleaning and burning a small garden plat at their home. In some way a spark got caught in the lady's clothing, and ignited her skirt, which was ablaze almost before she was aware. She made a frantic effort to extinguish the flames, but having failed, she ran, the flames becoming more intense.

Mr. Townsend, realizing the danger, rushed to the assistance of his wife and managed to smother the flames, but not until he had been severely burned about the hands. A daughter who endeavored to assist was also burned.

The patient was taken to her room and a physician summoned, but the burns are very painful, and it will be several days before she will recover.

While friends are grateful that it is no worse, they extend sympathy at Mrs. Townsend's misfortune.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

A Happy Marriage.

A happy marriage occurred at the home of Mr. and Mrs. A. W. G. Torbert, East Masonic street, Wednesday afternoon at 4 o'clock, when their charming niece, Miss Bessie Ramage, was united in the bonds of matrimony to M. T. Hartman.

The ceremony was performed at 4 o'clock by Rev. S. B. Rogers of the First Baptist Church.

The wedding was a quiet affair, only the immediate family and relatives of the bride being present.

The bride is one of Gainesville's most popular young ladies, while the groom is well and favorably known here, having for the past few years been one of the efficient employes at Baird's mill, where he holds a lucrative position.

To the happy couple The Sun, with other friends, extends sincere congratulations.

BLOOD POISON MAN'S GREATEST ENEMY

The disease that has done more than any other to wreck, ruin and humiliate life, is Contagious Blood Poison. Sorrow, shame and suffering go hand in hand with this great enemy, and man has always hated and fought it as he has no other disease. It is the most powerful of all poisons; no matter how pure the blood may be, when its virus enters, the entire circulation becomes poisoned and its chain of horrible symptoms begin to show. Usually the first sign is a small sore or ulcer, not at all alarming in appearance, but the blood is being saturated with the deadly poison, and soon the mouth and throat begin to ulcerate, the hair and eyebrows drop out, a red eruption breaks out on the body, copper-colored splotches and sores make their appearance and the poison even works down into the bones and attacks the nerves. Not only is the disease hereditary, being transmitted from parent to child, in the form of scrofula, weak eyes, soft bones, weak, puny constitutions, etc., but is also so highly contagious that many a life has been ruined by a friendly hand shake, or from using the toilet articles of one infected with the poison. To cure this blighting, deadly curse the blood must be purified, and nothing will do it so quickly and surely as S. S. S. It goes down to the very bottom of the trouble, drives out every particle of the poison and makes the blood clean and strong. It does not hide or cover up anything, but from the first begins to expel the poison and build up and strengthen the system. S. S. S. is guaranteed purely vegetable. We offer a reward of $1,000 for proof that it contains a particle of mineral of any kind. Book on the disease, with instructions for home treatment, and any advice desired, without charge.

WATER COMMITTEE MAKES INSPECTION

Will Recommend Increase in Capacity of the Reservoir.

THE WATER IS PLENTIFUL

If Newly Discovered Springs Are Opened the Supply of Water Will be Doubled if Reservoir is Enlarged in Capacity to Hold It.

The waterworks committee of the City Council, comprising Alderman H. E. Benson, chairman, and Aldermen J. Harrison Hodges and E. A. O'Neill, in compliance with instructions from the council at the meeting of that body Monday evening, on Tuesday investigated the water supply and conditions of the waterworks plant, and discovered alarming conditions existing as far as the water supply is concerned.

The capacity of the water supply at present is only about 300,000 gallons per day of twenty-four hours, which is entirely inadequate for the demands of a city the size of Gainesville. That, with the fact that some of the water consumers are said to be abusing the "flat" rate by running their lawn faucets from fourteen to twenty hours per day, has made the supply very inadequate, not only for the actual needs of legitimate consumers, but for the fire protection as well.

The committee has made a broad investigation of the trouble. Should the owners of lawns use the water as prescribed by municipal law, the supply would still be inadequate, hence the committee has decided to recommend an increase in the capacity of the reservoir, which will mean an increase in the supply of about 300,000 gallons, to 500,000 gallons per twenty-four hours.

After a careful examination the committee ascertained that three springs could be opened and turned into the reservoir, which would make this increase, doubling the present capacity. In order to do this, however, it will be necessary to enlarge the capacity of the reservoir, which the committee will recommend at the next meeting of the City Council.

"We have plenty of water," remarked Committeemen Benson and Hodges in speaking of the matter Wednesday, "but there are two obstructions. The first is, we must divert the other springs into a larger reservoir, and must enforce the ordinance governing the use of water. There is no doubt but that some consumers are abusing the right."

Alderman Hodges is a broad-minded man. "I believe in plenty of water," he said, "because water is the purest and the cleanest thing we have, and a necessity for everybody. It is God's gift, a necessity of nature, and should be as free as the air we breathe; the only difference is that we are paying for the privilege of its convenience, and I believe when that tax is reasonable and just that every subscriber should have all the water he needs—but I do not believe in one man watering his lawn for fifteen or twenty—and sometimes twenty-four hours a day, when some other fellow has to suffer actual need for the waste. My idea is to have plenty of water; if a fellow has a lawn in which he manifests great pride, and which the public appreciates and admires almost as much as himself, he ought to have the water to keep it going in all its beauty; but I don't believe his neighbor ought to be compelled to catch his water in a cistern, depending upon the elements, when he has a faucet in his house and is paying for the privilege of a service."

The water committee, at the next meeting of the council, will make a full report, and will recommend that the capacity of the resorvoir, as well as the water supply, be increased, and the capacity of the reservoir enlarged so that all may have an abundance, the lawns will look just as refreshing, and the owners of property will receive due and proper protection against loss by fire.

NORTH GAINESVILLE FIGHTING

Messrs. Rivers, Graves and Campbell Vs. Davis and Thomas—Bill May be Reported by House Committee Tomorrow—Senator Brown's Troubles.

Special to The Gainesville Sun

Tallahassee, May 3.—The Bailey Committee, appointed to investigate the alleged improper use of a free railroad pass by Senator Chas. M. Brown over the Florida East Coast Railway, held an important meeting this afternoon, Hon. Fred Myers representing Senator Brown. He presented a protest against the action of the committee upon the grounds that the citizenship contest against Brown was still pending, and that Brown could not be adjudged guilty until so found by the courts. After hearing the testimony the committee concluded the session behind closed doors, and their action cannot of course be forecasted.

The Stockton, or Regents higher educational bill is dead. The Senate first adopted the substitute offered by Senator McCreary, and then killed the substitute by a vote of eighteen to five.

Attorney Rivers and Messrs. Graves and Campbell, and Attorney Robert E. Davis and Mayor W. R. Thomas, are all here interested in the new Gainesville charter bill. This bill may be reported by the House committee tomorrow.

The general business of the South is reported to be in very good condition, and the railroads are doing well in every section.

An editor in South Dakota is training jack rabbits to race with locomotives. The editor might join in the race also, just to show what a hustler he is.

It is a dull day when the "Equitable life insurance" agents cannot think of a lot more things upon which they would like to hear young Hyde's explanations.

Senator Depew has started a lively opposition to Dr. Osler's theories. The Senator does not believe the age of either a man or his "jokes" is a subject for chloroform.

The New York Legislature has been investigating the gas question, and finds that its actual cost is 28 cents a thousand feet. You seldom hear of a gas company failing.

The Central of Georgia Railway is talking of a line to Pensacola, to secure a Gulf outlet for that road, and the Deep Water City will receive the road with open arms.

The killing of men and women in Warsaw, Russia, by the Czar's soldiers will not gain much sympathy for the Little Father, unless the people there are built differently from what they are in this country.

The semi-annual apportionment of the one-mill school tax for the State of Florida was announced on Monday, May 1. The total amount is $58,398.77, the rate being 63 cents per pupil. Alachua county gets $2,737.35.

An orange grower of Orange county wisely suggests that the matter of legislation for the destruction of the white fly be referred to the State Horticultural Society. Better results would no doubt be obtained.

Prof. John Franklin Jamieson of the Chicago University says that Independence Day should be celebrated on August 18, not on July 4. There is no objection to the Professor exploding on August 18, or sooner, if he desires.

The grand jury has failed to get the right men on the witness stand," says a Chicago packer. It is understood that the packers saw to it that the "right men" hit the trail for Canada before the grand jury "got busy."

The fines imposed in the Pensacola police court during the month of April amount to $4,000. The visits of war vessels have been a means of revenue in this line, and more will be ordered. Evidently some of them are "booze" fighters.

The census of Gainesville, which is being taken at the time the names are being compiled for the new directory by Mr Burtz, will be a surprise to many people. The increase will be far ahead of what many will anticipate, and the city's growth has been very flattering.

PERMANENT MILITARY CAMP.

The claims against the State that have been presented to the Legislature for the use of various armories throughout the State by the militia are no doubt the cause of the introduction of the bill in the House by Representative Stephens of Jackson, for a permanent military site. The bill is as follows:

"An act to provide for the appointment of a commission to select and recommend to the next Legislature suitable ground to be acquired as a permanent camp site for the Florida State troops.

"Whereas, It is recognized that the establishment of a permanent site for encampments of the Florida State Troops would be to the material advantage of the State, in that it would promote the efficiency of the militia, reduce the cost of assembling the troops and afford them necessary facilities and opportunities for more extended and thorough field exercises than they have hitherto been able to undertake; and

"Whereas, It is understood that should the State acquire land for such purpose and provide for its equipment and maintenance, the government of the United States would expend a generous amount to the erection of and construction of batteries for the instruction of coast artillery and of ride ranges for the encouragement of target practice; and

"Whereas, The grounds so acquired could be so laid out and maintained as not only to serve for military purposes, but to provide a creditable and extensive park or reservation; therefore,

"Be it enacted by the Legislature of the State of Florida:

"Section 1. That the Governor is hereby authorized and directed to appoint a commission, to consist of seven members, one of whom shall be a member of the Senate, two of the House of Representatives and the remainder of the commissioned officers of the Florida State Troops, one of the latter such officers to be a medical or sanitary officer, and another a competent engineer.

"Sec. 2. That it shall be the duty of the commission so appointed to investigate and report to the next Legislature the most available grounds which can be acquired by the State for the purpose of establishing a permanent site for the Florida State Troops, cost of same and such plan for equipping and preparing the grounds, and for their permanent maintenance as may seem best.

"Sec. 3. To meet any actual expenses which may be be incurred by this commission in complying with the requirements of this bill, the sum of three hundred dollars, or as much thereof as may be required, is hereby appropriated from any funds in the State treasury not otherwise appropriated.

"Sec. 4. This act shall take effect immediately upon its passage and approval by the Governor."

The funeral of the late Gen. Fitzhugh Lee will be held at Richmond, Va., today when the local tribute will be paid to the distinguished dead. General Lee was universally loved by the people of the whole United States, North as well as South, and his action at Havana, when he left there as the representative of his government at the outbreak of hostilities with Spain, won the admiration of every Northern man. As a soldier he was a hero, and as the representative of the United States, he did his duty fearlessly. All honor to this noble man. The nation pays him a glowing tribute, the people with one accord bow their heads in sorrow.

The Japs are saving ammunition while the Russian soldiers are killing their own people.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

From the appearance of the court house square and several streets about the city there is "something doing" in Gainesville this season in the way of improvements. When an old house is vacated for a new one the old building is soon repaired and occupied by someone else, and there are only a few vacant store rooms to be found. New residences are springing up all over the city, and in many instances they are occupied, when completed, by new-comers. There is an air of thrift about the entire town that speaks well for its stability. With such a state existing, it is no wonder that those who come here soon fall in love with the city. When we get a trolley line to Newnan's Lake our people will have a delightful place to go for picnics and a day's rest. Surely Gainesville has a bright future.

"COMMODORE" STOCKWELL DEAD

At One Time He Was One of the Leading Financiers.

New York, May 3.—Alder B. Stockwell, once one of the leading financiers of the country, is dead at his home here. He was 72 years old.

"Commodore" Stockwell, as he was known, first came into prominence in 1871, when he became president of the Pacific Mail Steamship company. In 1872 he obtained a subsidy for the company, which was followed by a congressional investigation. In 1872 while he was president of three sewing machine companies, two railroads and the Pacific Mail company, Stockwell attempted to "bull" the stock of the latter and became financially involved. He finally went into bankruptcy and disappeared from the financial arena.

Auto Collides with Carriage.

Chicago, May 3.—An autoist whose machine last night crushed into a carriage driven by B. Clifford Loftis, a wholesale jeweler, throwing him to the ground and causing a fracture of the spine at the base of the skull, is now sought by the police. After the accident the chauffeur threw on full speed and escaped before persons who went to the victim's assistance could observe the number or secure a good description of the car. Mr. Loftis was left lying senseless in a strike crowd. His injuries may prove fatal.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

FATAL TRAGEDY AT HIGH SPRINGS

Night Officer March Shot and Killed Ollie Witt.

DEATH WAS INSTANTANEOUS

Witt and Another Man Quarreled Tuesday Night, It is Said, and in Effort to Arrest Witt March Offended Him, and Had to Use Club.

High Springs was the scene of a tragedy about 9 o'clock Wednesday morning, in which M. R. March, night policeman, and Ollie Witt, a young white man of that town, proprietor of a meat market, were the principals, and in which young Witt lost his life.

Notwithstanding that every effort was made by The Sun to secure the particulars, it seems that nobody knew much about it, or nobody was anxious to relate the circumstances. Effort was made by wire to get the facts, but to no avail.

From the best information obtainable, it appears that Witt and a man by the name of Rhodden, manager of the High Springs telephone exchange, became involved in an altercation Tuesday night, when March attempted to arrest Witt, but found it necessary to use his club before Witt would submit to arrest. Witt afterwards gave bond for his appearance in the mayor's court, and Wednesday morning at the court it is said that Witt threatened March and drew a knife on him, when March fired several shots, killing Witt instantly.

A coroner's jury was summoned and impanelled, but up to 10:30 last night failed to agree.

All parties are well known in High Springs, and the affair has caused considerable excitement in that town.

Deputy Sheriff Granger, in compliance with a telegram to Sheriff Fennell, went to High Springs yesterday, but failed to bring March back to the city last night.

PICNIC AT ROCKY POINT.

Teacher, Pupils and Patrons of School Participate in Grand Time.

Rocky Point, May 2.—Today the people of our community gave a picnic near Cannon's Crossing in honor of the closing of school.

For seven months the minds of our little ones have been under the careful training of that excellent and efficient teacher, Miss Edith Baird. We appreciate her honest efforts and kind interest she has taken in our children, and regret to see our school close, but we know that both teacher and pupils have earned their vacation, as there has been much excellent work accomplished on both sides.

Right here we thank the Board of Public Instruction for assigning us this teacher, and ask that she may be returned to us the next term.

Nearly all of the families participated in the merrymaking; also some visitors from Gainesville honored us with their presence.

One thing occurred to make us sad, and that was the absence of Mr. and Mrs. A. L. Daughtrey, on account of the sudden death of their little son.

Dinner was beautiful and bountiful, and spread on snowy cloths, under the majestic oaks, with happy faces on all sides, making a picture to live long on memory's walls. A little sprinkle just as we sat down to partake of the tempting delicacies caused no end of merriment.

After the inner man was satisfied the boys and their fathers indulged in a game of baseball, while the girls, scattered in groups, formed a picturesque background for the game. The mothers, sitting around on boxes and buggy cushions, conversed on various subjects. One lady caused no end of fun about her Easter bonnet being saved from the rain.

Taking it all in all, we had a pretty good time, and were surprised how quickly time had flown when the hour came to say good-bye.

May we all live to see another 2nd of May, and may heaven's choicest blessings ever attend the teacher, is the wish of ONE OF THE MANY.

MURDERERS ARE CAPTURED.

Thirteen Mississippi Men Are Indicted by Grand Jury.

Senatobia, Miss., May 3.—Thirteen of the alleged slayers of Sheriff Poag, who was shot to death in the county jail here while defending a prisoner from a mob, have been indicted by the Tate county grand jury.

Eleven of the men have been brought into court and arraigned on the charge of murder. The other two men indicted, the Spencer brothers, have not been apprehended.

Those brought into court were J. H. Thomas, Sam Howell, Norman Clayton, Tate McConnell, Henry Hunter, Alex Nelson, Dave Smith, O. L. Manning Will Sinquefield, Tom Ninson and Wilham Still. The prisoners were brought in from Hernando, Batesville and Senatobia jails, where they had been in custody.

The state's attorney asked the court to grant a severance in the indictment, and that the several defendants be divided up among at least three counties. This motion was allowed.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by all druggists.

FAMILY ROW ENDS SERIOUSLY.

Man Shot by His Wife Is Dangerously Wounded.

Hartwell, Ga., May 3.—J. F. Rowe, who was seriously wounded by his wife, is still alive. The cause of the family quarrel is not known. Bad blood is said to have existed between the husband and wife previously, but thew have recently reconciled their differences.

Rowe was shot through the thigh, and after having received what is probably his death wound, he fired three shots at his wife. The shooting occurred on the front veranda of their residence. Dr. B. C. Teasley happened by just about the time of the shooting, and rendered medical aid.

Deputy Sheriff J. O. Harper was summoned and appeared on the scene in a few minutes, and Mrs. Rowe was then ministering to her husband. Pistols were taken from each of the belligerents. No arrests were made, as Rowe did not wish her arrested. They have two small children.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself.—D. R. Why Suffer From Rheumatism?

Why suffer with rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all druggists.

Woman Wins $1,000 Prize.

Philadelphia, May 3.—Announcement was made today that the $1,000 prize offered for the best laboratory research and investigation has been awarded to Dr. Nettie Marie Stevens, of California, Ph.D., of Bryn Mawr college, by the association for maintaining the American woman's table at the zoological station at Naples and for promoting scientific research by women. Her prize winning paper was on "The Germ Cells of Aphis Rosae and Aphis Oenotherae," dealing with the Mendel law of heredity and sex examination.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. W. McCollum & Co.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at all drug stores.

Cotton Mill Increases Wages.

Cedartown, Ga., May 2.—The Standard cotton mills of this city have posted a bulletin announcing that they will increase the pay of a certain class of laborers working in their mills. This was all done unsolicited and the many hands working for them appreciate the favor shown them very much. The class of workmen affected by the raise are card strippers, the drawing frame hands and the speeder tenders. The average increase in the pay of these is 15 per cent. This increase makes this one of the highest paying mills in the south.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and lagrippe. At drug stores, price 50c and $1.00; guaranteed. Trial bottle free.

DEFAULTING CASHIER CAUGHT.

Potter, the Georgia Banker, Is Captured in Los Angeles, Cal.

Los Angeles, Cal., May 3.—Maro S. Potter, an employe of the Merchants' Trust company of Los Angeles, was arrested by a private detective on a charge of having embezzled a considerable sum of money from a bank at Davisboro, Ga., of which institution he was cashier. A reward of $1,000 was offered by the Davisboro bank for the apprehension of Potter.

M. S. Potter, cashier of Davisboro, Ga., bank, left that place on Nov. 16, 1902, after having been asked to resign by the directors on the 13th.

Expert accountants found a shortage of about $20,000 in his books.

Potter had many friends in Davisboro, was a prominent Mason, member of Knights of Pythias and an Odd Fellow. He was also secretary and treasurer of Davisboro Cotton Oil mill.

It was reported at the time of Potter's departure that the president of the bank, O. H. P. Beall, paid Potter a large amount of money the afternoon he left. Mr. Beall admitted paying Potter the money, but claimed it was in settlement of Potter's bank stock.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and $1 00. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

Grand Lodge of Bnai-Brith Meet.

Birmingham, Ala., May 2.—The thirty-second annual convention of the district grand lodge of district No. 7, comprising Alabama, Tennessee, Mississippi, Florida, Louisiana, Arkansas, Georgia and Texas, Independent Order of Bnai-Brith met here today with a large attendance present. Mayor W. M Drennon welcomed the convention on behalf of the city, to which Charles L. Sawyer, of Waco, Tex., responded, while Joseph Powinsohn spoke in behalf of the local lodge to which Ike Schwartz of Selma, Ala., responded. President Joseph Beitman in his annual report showed a gain of 686 in membership, or the organization of five new lodges and the re-organization of six old ones.

No Benefit No Cost.

If you are weak and worn-out—if you are nervous, irritable, have headache, backache, neuralgia, or periodical pains, it is because you have exhausted your nerve force.

If you cannot sleep, and are thus robbed of the rest which nature demands for the restoration of mental and physical vigor, your system will continue to run down.

Dr. Miles' Nervine restores vitality by soothing and strengthening the nervous system, thus inducing refreshing sleep, and imparting strength and vigor to all the organs of the body.

There are very few instances where Nervine will not benefit; if not, your druggist will refund the money.

"When I began taking Dr. Miles' Nervine I had a very sour stomach, with pain extending far around on my left side—attended with extreme nervousness. I dreaded to have night come, as it was impossible for me to sleep. Everything I ate distressed me. Before I had finished one bottle of Nervine there was such a change that my husband bought six more, which has restored me to health."
MRS. JENNIE SIMMS.
Rushville, Ind.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

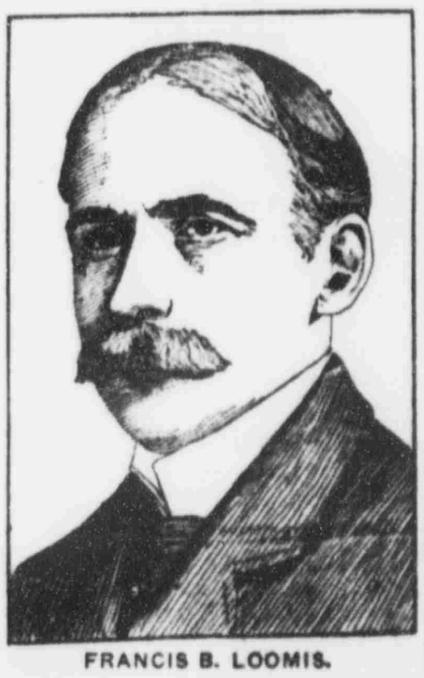
PRESIDENT TO INVESTIGATE.

Roosevelt Will Thresh Out Loomis Affair When He Returns.

New York, May 2.—Assistant Secretary of State Francis B. Loomis, who is in this city on private business, is quoted as saying President Roosevelt will personally investigate the stories circulated regarding his actions while Minister to Venezuela.

"This whole business is going to be threshed out by the president in a very short time," he said. "I am assured that the president is not going to wait for the return of Secretary Hay from Europe but is going right to the bottom of the affair, and I am glad of it. It can't come too soon for me.

"Something will be brought out of the hearing that will show the motive for the attack on me."



FRANCIS B. LOOMIS.

A Good Suggestion.

Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in hot water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by all druggists.

Boys Drowned While Bathing.

Columbia, S. C., May 3.—Arthur and J. D. Hooks, aged 11 and 8 years, were drowned near Cheraw while bathing with a party of boys. The younger boy got over his depth, and his brother, noticing it, went to his rescue and both were drowned. The bodies were recovered and taken to Wadesboro, N. C., for burial. The accident occurred late Monday afternoon.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by J. W. McCollum & Co.

Defrauded the Government.

Washington, May 3.—George Beavers, formerly chief of the salary and allowance division of the postoffice department, apeared in Judge Wright's branch of the criminal court today to answer to a charge of conspiring with others to defraud the government, but his formal arraignment was postponed until next Tuesday in order to afford him an opportunity to secure local surety. The prosecuting attorney intimated that he would expect a bond of $20,000 in the case, but he was temporarily relased on his New York bond.

Jett and White in Court.

Lexington, Ky., May 3.—Curtis Jett and Tom White who are under life sentence for the murder of Cockrill, were brought from state prison today under guard and taken direct to the witness room at the court house. They were brought here at the istance of the comonwealth to testify in the Hargis case. Sensational rumors were current regarding their testimony, but nothing authoritative is known as to the expectations of the state in bringing them here.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebannon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." Sold by J. W. McCollum & Co.

H. McL. Grady, one of High Springs' progressive young business men, was among the visitors to this city yesterday.

Mrs Phillip Warren and sister, Miss May Hatchell, were shopping in the city yesterday. They reside at High Springs.

R W Waits of Grove Park, Stephen Dampier of Hague and N. W. Kite of Hague were among those who paid Gainesville a visit yesterday.

A quantity of clay is being delivered along the tracks of the Atlantic Coast Line, on West Main street N., which will be used for filling in depressions along said thoroughfare.

Mrs Alexander, formerly of this city but now residing in Jacksonville, is here on a visit to Mrs A R Harper. The numerous friends of this lady are glad to welcome her again.

C. B. Hodges, Jr., a fireman on the Atlantic Coast Line, who has been indisposed at his home in this city for the past few days, returned to his duties at High Springs yesterday.

A. L. Boyster, for the past year employed in the office of Division Superintendent Ford of the Atlantic Coast Line, left yesterday for Savannah, where he has accepted a lucrative position with the Atlantic Coast Line.

Mrs M J Cushman and daughter, Miss Mary, arrived in the city yesterday from Oxford, Ohio, and will remain here for some time as guests of her son F. L. Cushman. It is to be hoped they will be pleased with Gainesville and her people, who extend a cordial welcome.

Engineer John Quinlan of the Atlantic Coast Line with headquarters in High Springs, was in the city for a few hours yesterday. He was en route to Jacksonville, where he will witness the ball game between Jacksonville and Charleston today. Mr. Quinlan is a great baseball enthusiast.

Captain A. W. Fontaine of Micanopy was among those who paid Gainesville a visit yesterday.

When a bilious attack is decidedly unpleasant it is quickly over when Chamberlain's Stomach and Liver Tablets are used. For sale by all druggists.

G. L. Thompson, the clever and efficient representative of the New Home and other machines in this city, went yesterday to Ocala on a brief business trip.

Mrs. D. G. Edwards departed yesterday for Windsor, where she expects to spend the summer at her elegant home. Mr. Edwards expects to remain in this city, but will make frequent visits to his wife at Windsor.

Conductor M. A. Starr and Flagman U. S. Flowers of the Atlantic Coast Line, who make their headquarters at High Springs, were among the visitors to this city yesterday. They were en route to Ocala, where they have been summoned as witnesses in an important case.

J. E. Hudson, formerly of this city, but who is now operating a saw mill near Hampton, has returned to his mill, after a brief visit here. Mr. Hudson reports that his mill is cutting to its capacity, which is about ten thousand feet per day, and finds a market for all products.

Mrs. Jesse Clark has gone to Columbia, S. C., where she will spend a short time with relatives and friends. From Columbia she proposes to go to Lawrenceville and Richmond, Va., where she will spend the summer. She was accompanied as far as Jacksonville by D. M. Clark, who returned to this city Tuesday.

Dr. W. M. Johnson and family have removed from 108 N. Pleasant street to the Colson home, West Liberty street, recently vacated by Dr. Colson and family. Dr. Johnson recently purchased this valuable property, and will improve same extensively. It is one of the most desirable locations in the city.

The ladies comprising the Micanopy Cemetery Association gave a picnic on the romantic shores of Tuscawilla lake yesterday, and it is needless to add that those who attended enjoyed the affair immensely. The ladies sold refreshments, and the proceeds were devoted to the interests of the Micanopy cemetery. Quite a neat sum was realized.

Mrs. Finch and her invalid son have returned to this city from Windsor, where they have been spending the past two months. Mrs. Finch is a deserving lady with an invalid family to support, and would appreciate any sewing the ladies might give her. She is located on West Main street N., No. 504, immediately north of the home of Dr. T. F. Thomas.

Justice L. J. Knight of LaCrosse, one of the most efficient officials in the county, was in the city yesterday, and showed his faith in The Sun by depositing a dollar for another year's subscription. Judge Knight states that the people of his section are prosperous, but that the staple crops need rain. There was a light shower Tuesday night, but sufficient to accomplish much good, although a fine rain is reported at Alachua.

C. A. W. Thomas, the clever and efficient traveling representative of the Singer sewing machine, has returned from a successful trip through Bradford county. 'Squire Thomas reports the crop prospects good in the sections visited, and says the farmers are making a big thing on Irish potatoes and strawberries. The acreage of the former is larger than he has ever seen, the yield promises to be large, and many growers have already reaped a fine financial harvest.

Springfield, Tenn., June 11, 1901.

I have been troubled with kidney and bladder troubles for a number of years and severely so, and having noticed the advertisement of Dr. F. W. Hall's Great Discovery, A Texas Wonder, concluded to give it a trial, from which I found great relief, and would recommend it to those similarly afflicted. H. H. KIRK.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Among the prominent visitors to this city yesterday was Hon. T. B. Lanier of Tavares, for many years and at present supervisor of registration of Lake county. Mr. Lanier has many friends here who are always glad to see him.

After several months pleasantly spent in this city, Dr. J. P. Sangston of McClelland Town, Pa., departed for his home yesterday. The Doctor was well pleased with Gainesville and its people, having been greatly benefited and well treated here. He declares he is coming early and stay late next season—and in the meantime will remember his Southern friends very pleasantly.

DEATH OF MRS. PRINDLE.

Passed Away at Home of C. W. Chase at Early Hour Wednesday Night.

One of the saddest deaths occurring in this city for some time was the death of Mrs. A. R. Prindle, which occurred at the home of C. W. Chase, East Main street N., Wednesday evening.

Deceased was taken sick Wednesday morning, April 26. Dr. J. F. McKinstry, Jr., was summoned and diagnosed the case pelvic inflammation, with indications of approaching general peritonitis. Conditions seemed to improve under his treatment until Friday, when her condition was not so satisfactory. Dr. McKinstry asked for consultation, when Dr. Ed. N. Leill of Jacksonville was called, arriving Friday night. After spending the night with the patient, Drs. Leill and McKinstry decided to continue treatment until acute symptoms subsided before undertaking to remove the diseased fallopian tube. The patient improved, and general conditions seemed better until Monday, when Dr. McKinstry noticed a change for the worse. Mrs. Prindle herself asked that the operation be performed at once. Dr. Leill was again summoned, and the operation was performed at 2 o'clock Tuesday afternoon by Drs. Leill and McKinstry, assisted by other physicians of the city, and nurses, Misses Conway and Wells.

While the operation was an extremely difficult one, owing to extensive adhesions, due to previous illness, it was well performed, and the patient rallied nicely. Symptoms all pointed to recovery until Wednesday afternoon, 2 o'clock, when the patient's pulse began to show signs of weakening. The patient sank rapidly and died at 6:40 o'clock.

The patient was bright and cheerful all through her illness, though often spoke of dying. When told that she was dying, she smilingly said, "I know it," then soon became unconscious and passed away.

The death was particularly sad, owing to the absence of her husband abroad. Mrs. Prindle's mother of New Haven, Conn., and her aunt, Mrs. Baker of Detroit, Mich., who had been spending the winter in Florida with the deceased, were at her bedside during the last hours.

Particulars of the funeral had not been decided at the hour of going to press.
